Memo

On a reference to the books received from the Vice President of the Bangalore City municipality, I find no section in the Cantonment Regulations in regard to pensions.

Sec 48 of the Madras Act I of 1884 authorizes the payment of pensions to Municipal servants of Madras but a copy of the rules prescribed by the Governor as therein required is not among the papers.

A schedule appended to the Bombay rules defines classes of officers, to whom pensions are not to be ~~gt~~ granted.

Submitted JPJ 3/7/19

Municipal menial establishments fluctuate largely with the rise and fall of the municipal Revenues. Instead of going into details we might perhaps say "all Schoolmasters, clerks and Munsadies of whatever pay, and all other municipal servants whose pay is 10 Rs & upwards are entitled to pension. office. The President is requested to take notice of the delay. Moreover the above list does not contain complete information, but includes the names of inferior servants also, while they are excluded from the list submitted with President's No 237 dated 13th July 1888. The two lists are therefore returned herewith and the President requested to cause a complete list of all the appointments under each Budget head prepared and placed before the next meeting of the Board in view to the question of granting pensions, being considered and to submit the complete list ——— for final orders of Govt of all servants declared eligible for pensions with the resolution of the Municipal Board approving the same.

2. No nominal list need be submitted. It is sufficient if the designations of the appointments under each Budget head are clearly defined. Dated 29-3-04

Sir.

As required by the Proceedings of the Government No 16749 L.F. 47-93 dated 4th April 1894, I have the honor to enclose a list of appointments which the Board considers deserving of pensions and a copy of their resolution.

2. The Board has gone through the complete list of Municipal employees and considered each appointment in it.

3 I regret that I am unable to

endorse the opinion of the Board in regard to certain appointments which I shall discuss below.

4. If the Shanbogues have here- ditary <u>huk</u>, I think they should have no pension.

Please see Items 24 Head Shanbhogs 4
25 Asst. Do — 1

5. It seems to me absurd that conservancy toties and sweepers should be made pensionable. These persons run away and return so often that in the first place it does not seem to me right to call them a permanent establishment. They are no better than our gangs of road Coolies. We have also to consider the enormous labour involved in the maintenance of a host of Service registers. This would re- quire a special establishment.

Items 38. Tolies 30
39 - Sweepers 191

6. If we exclude these are we to give pension to similar servants employed in Hospitals, Chuttrams &c? I believe in Government

Item 57. Mankat-Dufton Tola —
62. Cartaker Do
67 Tola Watchers
86 Scavengers
87 Lamplighters
90. Scavengers
94 Scavengers

Officers such menials are consider-
-ed pensionable, but their number
is very small. The same rule
need not necessarily be fol-
-lowed in the case of Munici-
-cipal institutions. It would be
unfair to make a distinction
between bohis and sweepers
attached to institutions and
those employed out-door which
latter are worked harder.

7. This leads to such servants as
Cooks, watermen, ward coolies
dhobies and gardeners. I think
these should go with bohis and
sweepers

8. Watchmen at Burial Grounds
tanks, wells &c do not in my
opinion deserve to be pensioned.
They are no better than drain-
khalihats.

9. Pound-keepers ought also, I
think to go without pension.

10. With the above modifications I support the recommendation of the Board.

I have the honor to be
Sir
Your most obedient servant

Municipal servants or from
Municipal Bodies towards
pension of such servants.

Article 863 of the British
Civil Service Regulations

permits the levy of an amount equal to 1/9 of the sanctioned salaries of the several appointments as contributions towards Pension from General revenues — This contribution is paid by the Municipalities concerned and credited to General revenues, the Government in return paying the Pensions of their Servants from the General Revenues.

Under the rules in force all the Municipalities in the Province are banking with Government Treasuries, and their Establishment bills are now audited in this office.

I think therefore that the arrangement laid down in the article quoted above

may be adopted for all
Municipalities in the Province.

Whether the amount of Contribu-
tion is to be recovered from
the Officials themselves or to
be paid out of the Municipal
funds, I am not in a position
to give any opinion as it
depends upon the state of the
Municipal funds and the
pleasure of Government and
Municipal bodies Concerned.

As regards the class of
servants to be brought under
the benefit of pension, I
agree with the President. The
filled papers just sent to the Superintendent
is returned. I have the honor to be

Sir.

Your most obedient Servant.
